1. Executive summary

Atlas Retail Group will launch a self-service B2B commerce portal for 420 wholesale customers in the United Kingdom and Ireland. The portal will support catalog browsing, contract pricing, order placement, approval, payment terms, delivery tracking and returns.

2. Objectives and success measures

ID	Objective	Measure	Target	Owner
OBJ-01	Shift eligible orders online	Share of eligible orders through portal	80% by 30 Jun 2027	Liam Brooks
OBJ-02	Improve adoption	Monthly active buying accounts	300 by 31 Jul 2027	Nora Evans
OBJ-03	Improve order quality	Orders needing manual correction	<= 2.0%	Elliot Ward
OBJ-04	Protect service	Severity 1 incidents in first 30 days	0	Mei Tan
OBJ-05	Reduce handling	Average order-handling reduction	30	TBD definition

3. Business case

The approved funding ceiling is GBP 1,800,000, including GBP 120,000 management contingency. Expected annual operating benefit is GBP 960,000 from lower manual handling, fewer corrections and reduced call-centre demand. The Executive Sponsor owns benefits.

4. Constraints and principles

Type	Statement
Constraint	Production go-live must occur before the autumn wholesale campaign on 17 May 2027.
Constraint	Customer and order data must remain in approved UK cloud regions.
Constraint	Existing ERP, identity and carrier platforms will be integrated, not replaced.
Principle	Configuration before customization; exceptions require Architecture Board approval.
Principle	No customer may see another customer's contract price or credit position.

5. Sponsorship and authority

Executive Sponsor: Sofia Malik. Programme Manager: Priya Nair. Steering Committee approval is required for baseline scope, funding above the ceiling, go-live and residual High risks. Benefits Owner: Liam Brooks, Commercial Director.
