

Scope, Requirements and Acceptance Specification

Atlas B2B Commerce Launch | ATLAS-RQ-003 | Version 1.0 | Approved working baseline

Document ID	Owner	As of	Purpose
ATLAS-RQ-003	Nora Evans, Product Owner	28 July 2026	Baseline scope, requirements, exclusions and acceptance.

1. Scope statement

Deliver a production-ready B2B commerce portal for UK and Ireland wholesale customers, including governed product, price, customer, order, payment-term, delivery and returns flows. The release includes training, cutover, hypercare and operational handoff.

2. Included deliverables

ID	Deliverable	Acceptance owner
DEL-01	Responsive customer portal with SSO and delegated buyer administration	Nora Evans
DEL-02	Contract catalog and customer-specific pricing	Liam Brooks
DEL-03	Basket, purchase-order approval and credit-limit checks	Aisha Khan
DEL-04	ERP order submission, status and invoice visibility	Mei Tan
DEL-05	Carrier rates, delivery tracking and return request initiation	Owen Price
DEL-06	Migration, training, cutover, hypercare and service handoff	Priya Nair

3. Explicit exclusions

Boundary	Excluded / deferred
Geography	Continental Europe and non-UK tax jurisdictions
Channels	Native mobile application and offline ordering
Platforms	Replacement of ERP, identity, payment or carrier platforms
Commercial	Redesign of wholesale contracts, territory rules or credit policy
Analytics	Enterprise data warehouse redesign and AI product recommendations

4. Functional requirements

ID	Requirement	Priority	Acceptance criterion	Owner
REQ-001	Authenticate buyers with corporate SSO or approved local account	Must	100% approved accounts enforce MFA	Rachel Cole
REQ-002	Show customer-specific catalog, prices and availability	Must	No cross-account price leakage in security test	Liam Brooks
REQ-003	Apply credit limits before order submission	Must	ERP credit response stored with order	Aisha Khan
REQ-004	Support buyer and approver roles	Must	Approval matrix passes 40 scripted scenarios	Nora Evans
REQ-005	Create ERP sales order and return order number	Must	99.5% successful submissions excluding ERP outage	Mei Tan
REQ-006	Display shipment status and tracking	Should	Status refresh within 15 minutes	Owen Price
REQ-007	Initiate a return request	Must	Required reason, quantity and evidence captured	TBD
REQ-008	Export invoices and order history	Should	CSV and PDF exports match ERP totals	Aisha Khan

5. Non-functional and acceptance gates

ID	Requirement / gate	Target	Signer
NFR-01	Availability	99.9% monthly excluding agreed maintenance	Mei Tan
NFR-02	Performance	95th percentile page response <= 2.5 seconds at 300 concurrent users	Daniel Webb
NFR-03	Accessibility	WCAG 2.2 AA for critical journeys	Nora Evans
NFR-04	Security	No open Critical or High findings at go-live	Rachel Cole
GATE-01	System integration test exit	95% tests passed; no Severity 1 or 2 defects	Owen Price
GATE-02	Business acceptance	All Must requirements accepted and 30 pilot customers complete journeys	Nora Evans

6. Open scope decision

Returns exception SLA is not defined. The action owner is TBD and the decision is due 20 November 2026. This affects REQ-007, customer communications and support staffing.
